## A BRIGHT NEW HORIZON!

Are you interested in earning extra income from the comfort of your own home?

If the answer to that question is YES? Then this really is the opportunity you have been waiting for....

In my previous newsletter I gave you detailed information about Aloe Vera Products and the genuine benefits which these products may bring to your health.

Now I want to tell you how you can be self-employed on a part-time or full time basis depending on your choice, and earn additional income, AND be part of an extremely successful company which has been in business for over 30 years called Forever Living Products (FLP).

FLP has an annual turnover in excess of \$2 billion per annum, it is the biggest producer of "naturally grown" aloe vera for over 25 years, and are also the worlds largest bee keepers. Honey from the bees is used in their royal jelly and bee pollen products which are so beneficial to health.

Through a simple model based on independent distributors, these wonderful products are made available to everyone who wishes to purchase them.

Forever Living Products & Forever Living help millions of people get more out of life. For better health and a more rewarding lifestyle; their products and their Business Plan have no equal. They work for over 7 million Distributors and their Customers around the world. Put them to work for you...

### **Sell Direct - Cut Out The Middle Man**

FLP sell their products directly to their Distributors, who sell directly to their Customers. This accomplishes two things. Firstly, it allows Distributors to keep a greater percentage of the profits from each sale. Secondly,

because the Distributors use the products themselves and know their Customers personally, they provide a much higher level of personal services.

An exclusive, all natural product coupled with a simple, yet rewarding compensation plan gives 'would-be Distributors' the opportunity to:

- **Earn extra income**
- **Experience financial freedom**
- **Choose your own hours**
- **Create your own retirement plan**
- **Be your own boss and own your own business**

That is why more people are choosing part-time and full-time careers through their own home-based business with Forever Living Products Ireland. They offer pure Aloe Vera products with a simple Business Plan that builds wealth.

If you would like to become a distributor of these wonderful products then contact me and I will set up a meeting to explain how the business works.

For as little as 5 - 10 hours per week input it is possible to turnover up to €1000 euro a month which will give you a net extra income of €300 a month or €3,600 p.a. and that is just the start!

Just think for just over an hour a day you can earn this extra income as a minimum. I know I have wasted that and a lot more sitting in front of the T.V. and earned nothing positive!

If you would like to know more about this opportunity, then give me a call on 087-7641818 and I will be delighted to arrange a meeting to answer any questions you might have so that you can satisfy your curiosity!

Or if you simply wish to try out any of these products (you can see the full range of products on [www.aloevera.ie](http://www.aloevera.ie)) just give me a call with your order... its that simple!

With the government talking about more cuts in salary, and increasing our household bills, I feel it is time to be proactive about our own earning potential... so do call me to arrange that meeting.

**REMEMBER YOUR FUTURE IS  
YOUR CHOICE!**
