### **WHAT IS MY LIFE PURPOSE?** **The Purpose of Life is a Life of Purpose**

When you're doing what you love and living on purpose, giving of yourself in a joyful way, your LIFE will reflect that bliss and all it involves.

This does not require any struggle or detailed written goals and action plans. It does not require intelligence, skills or confidence from outside of yourself because all these qualities are already within you.

Knowing Your Life Purpose allows you to Live your life in alignment with your deepest truths and the TRUE REASON YOU ARE HERE!

When you are living the life you were meant to live, everything flows, you are motivated and greet each new day with enthusiasm. You are living your passion, you are in touch with your true self, you know who you are and why you are here, and what your true life path is all about.

The answers you seek lie within! Through the power of Spiritual Trance I can guide you into the deep recesses of your inner mind where you can tune into your Divine connection to your Higher Power and it is there that you will find the answers you seek!

Yvonne is an Advanced Clinical Hypnotherapist, Spiritual therapist and Life Coach who has trained and worked for many years helping people to empower themselves, changing their lives for the better, and discovering how to live the life of their dreams!
