Time to Dispel the Fear about Hypnosis!

There seems to be quite a few people out there who have some preconceived and often ill-conceived notions and beliefs about hypnosis....and what it can do to you! Some of these beliefs include outrageous claims such as "I will never wake up again" or "you are not going to be able to get me to dance around like a chicken on steroids"!...well I have wonderful news for all of you who are operating under the mistaken belief that hypnosis is going to do anything to you that you dont already secretly want to do...so if your deeper self wants to dance around like a demented chicken...one I have yet to meet...but there is always a first time for everything....then you may very well dance in

this manner....but only if you have specifically asked me to access that part of your inner mind....

The reality is that hypnosis or hypnotherapy which I use to help many people, can actually help you to help yourself.

Through the power of hypnosis, or the hypnotic state, a state of mind, which by the way most people spend most of their waking lives in anyway....we are enabled to tune into the energy of the subconscious mind with a view to doing therapy. When we are in a hypnotic state, our conscious everyday logical mind is allowed to rest and the subconscious intelligent part of the mind comes to the fore to help you to help yourself. As a trained hypnotherapist I have worked with people experiencing difficulties with issues in their lives and helped them to heal.

But I have met many who express a hesitancy to being hypnotised and it is mostly because of the stage hypnosis shows which of course are for entertainment purposes....and not for serious therapy.

In order to dispell this fear, I am offering you my clients or any member of your family and friends, the opportunity to experience a hypnosis mini session to improve your relaxation levels....this is a short introduction to hypnosis and I guarantee you that you will be more relaxed after than before or if not, the session will be given free! These mini hypnosis sessions are now available at my centre for just a' -25 YES YOU READ THAT RIGHT **ONLY €25 EURO!!!**

I am a trained hypnotherapist and clinical hypnotherapy so you are in safe hands.
